International Workshop on Control Sciences and Automation (WCSA 2024) is devoted to showcasing a platform for researchers to discuss their forefront findings, shape their future research directions, and exchange their perspectives in control, automation science, engineering, and integration into the industry and society. You are sincerely invited to WCSA 2024 conference, which is to foster collaboration and cross-fertilization of ideas from different communities in the above fields.

PLENARY SPEAKERS

Prof. Huosheng Hu
University of Essex, United Kingdom
IET Fellow, IEEE Life Senior Member

Prof. Ramin Sedaghati
Concordia University, Canada
CSME Fellow, ASME Fellow,
AIAA Associate Fellow

KEYNOTE SPEAKER

Assoc. Prof. Lu Liu
City University of Hong Kong
Stanford's top 2% most highly
cited scientists 2022

CALL FOR PAPERS Topics are included but not limited to as follows:

- Modeling and Control of Complex Systems
- Linear Systems
- Learning Systems
- Intelligent and AI Based Control
- Real‑time Systems
- Sensor/data Fusion
- Robotics
- Automated Guided Vehicles
- Control Education
- Factory Modeling and Automation
- Petri‑Nets and Applications
- Micro and Nano Systems
- Cyber‑Physical Systems
- Sensor Networks
- Networked Control
- Control Applications
- Process Automation
- Man‑machine Interactions
- Smart Structures
- Smart Buildings
- Energy Efficiency
- Multi‑agent Systems
- Nonlinear Systems and Control
- Robust and H∞ Control
- Fuzzy and Neural Systems
- Cooperative Control

SUBMISSION

Online submission system:
https://www.zmeeting.org/submission/wcsa2024
Full Paper Template:
http://www.wcsa.org/download/Microsoft%20Word-Templates.docx
All submitted articles should report original, previously unpublished research results, experimental or theoretical.

COMMITTEE

Conference Chairs
Shuzhi Sam Ge, National University of Singapore, Singapore
Mingcong Deng, Tokyo University of Agriculture and Technology, Japan

Program Chairs
Huosheng Hu, University of Essex, UK
Ramin Sedaghati, Concordia University, Canada
Jiahu Qin, University of Science and Technology of China, China
Andrew Keong Ng, Singapore Institute of Technology, Singapore
Antonio Moran, Pontifical Catholic University of Peru, Peru

Program Co-Chairs
Wen-Fang Xie, Concordia University, Canada
Yang Shi, University of Victoria, Canada

Special Session Chairs
Yang Tang, East China University of Science and Technology, China
Yulong Wang, Shanghai University, China
Hongpeng Wang, Nankai University, China
Shenquan Wang, Changchun University of Technology, China
Andrew Keong Ng, Singapore Institute of Technology, Singapore
Sheng-Quan Li, Yangzhou University, China
He Chen, Hebei University of Technology, China

Award Chairs
Huiping Li, Northwestern Polytechnical University, China
Chenguang Yang, South China University of Technology, China
Yanzheng Zhu, Shandong University of Science and Technology, China

Women in Engineering (WIE) Chair
Yan-Wu Wang, Huazhong University of Science and Technology, China

Publication Chairs
Luo Xie, Beihang University, China
Eunice Wee, Singapore Institute of Electronics, Singapor

Publicity Chairs
Oleg Yakimenko, Naval Postgraduate School, USA
Emese Gincsainé Szádeczky-Kardoss, Budapest University of Technology and Economics, Hungary

Regional Chairs
Ruwan Gopura, University of Moratuwa, Sri Lanka
Degang Xu, Central South University, China
Juan M. Chau, Pontifical Catholic University of Peru, Peru

Treasurer
Yu Zhou, Science Centre Singapore, Singapore

IMPORTANT DATES

Submission deadline: Jan. 20th, 2024
Notification to authors: Feb. 20th, 2024
Registration deadline: Mar. 10th, 2024

PROCEEDINGS

Accepted and presented papers will appear in conference proceedings, which will be online, and indexed by Ei Compendex, and Scopus.
